AKSHAY BHATT

VIDEO EDITOR / MOTION / STORYTELLER

*Turning raw footage into
stories people remember.*

ABOUT ME

Video editor by profession, timeline archaeologist by necessity. I turn raw footage, questionable audio, and “can we make this more engaging?” into videos people actually enjoy watching. I’m obsessed with pacing, storytelling, sound, and the tiny details that make an edit feel right. I also know that the best transition is sometimes... just a cut.

My experience includes brand videos, social media reels, promotional content, documentary work and digital marketing creatives.
